Why HP

Advance your business goals with HP

Where performance meets innovation

When you buy from HP, you're partnering with a global technology leader dedicated to helping you advance your business goals. HP's legendary print solutions and cutting-edge innovations help businesses make a professional impression while enabling effective workflows and productivity. Our easy-to-use, scalable technology allows organizations of any size to develop a coordinated, cost-efficient printing and imaging strategy. And our consulting services and support teams can tailor HP solutions to individual business needs, enabling companies to get more out of their investments.

- **World-class, affordable products.**
  HP sells imaging and printing products at various price points, from entry-level equipment for home-based businesses to innovative, industry-leading enterprise devices. Specific product offerings include color and monochrome printers, multifunction printers, document scanners, and mobile printers and scanners. HP's commitment to quality and innovation is one reason customers recognize HP as the printer brand they trust most.[1] For a more detailed look at our product lineup, see the in-depth product pages within this guide or visit shopping1.hp.com/businessprinters (U.S.) or hpshopping.ca (Canada).

- **Wide array of solutions and technologies.**
  We partner with highly qualified technology providers to help create innovative, secure solutions for your specific workflow and industry needs. Whatever your business, HP technologies can help increase productivity, improve energy efficiency, help reduce costs and help secure data. Plus, HP solutions are designed to integrate easily and securely with your existing IT investments. Visit hp.com/go/jetadvantage

- **Unmatched HP expertise**.
  As one of the world's largest technology companies, HP is uniquely positioned to help optimize your imaging and printing infrastructure. The HP Managed Print Services (MPS) team, for example, will work with you to assess, deploy, and manage your organization's entire printing environment. According to industry analysts, savings of up to 30% are typical with Managed Print Services.[2] To learn more, Visit hp.com/go/mps. Plus, you can rapidly assess the efficiency of your printing environment with the online HP Managed Print Analysis. Within minutes you will receive a free customized report pinpointing ways you can improve efficiency and reduce costs by as much as 30%.[2] Calculate your savings now at hp.com/go/MPAfreereport

---

[1] HP Worldwide Brand Study, U.S. results, 2012 is one reason customers can trust HP.
[2] Results depend upon unique business environment, the way HP products and services are used and other factors. Overall printing costs are unique to each company and should not be relied upon for savings you may achieve. According to industry analysts, savings of up to 30% are typical with Managed Print Services.

For computer deals, printer deals, and other special offers from HP, visit hp.com/buy/printerdeals (U.S.) and hp.ca/promotions (Canada) for details.

Why HP

The benefits of choosing HP products

Color turns receivables into revenue

Create professional-quality marketing materials in-house with HP's high-performance color printers.

- **Make your work count. Get 90% more head nods.** Print your ideas in color and 90% of people understand them better.[3] Nobody knows more about how color can build your business than HP. With affordable, professional quality color to help you make a big impression. HP offers a wide range of color printers for any budget, with legendary HP reliability built in.

- **Take control of your marketing budget.** Printing in-house with HP color lets you print what you want, when you want. You can quickly personalize materials for different audiences, take advantage of spur-of-the-moment marketing opportunities, or print small runs without paying costly fees.

HP Printing and Imaging Solutions for business

Work smarter and improve your productivity with HP's innovative Print and Imaging solutions.

- **HP Mobile Printing.** As mobile devices become increasingly more important, IT managers are faced with the growing challenge of keeping data protected while supporting user productivity. This is why HP has developed mobile printing software solutions and services that allow employees to print to office devices or public print locations, with the security features IT managers demand. Learn about HP ePrint, touch-to-print, wireless direct and more at hp.com/go/businessmobileprinting

- **HP ePrint.**[4] Print from your smartphone and tablet at home, work or on-the-go.[4] HP's ePrint solutions include a wide selection of HP ePrint enabled printers, HP ePrint Enterprise[6] for printing to a company's safeguard network, and printing to thousands of public print locations.[5] Get more information at hp.com/go/businessmobileprinting

- **HP Open Extensibility Platform (OXP).** Integrate your business-specific applications across your entire fleet with HP OXP, which unites your workgroup print/image environment while giving users access to a single intuitive interface.

- **HP FutureSmart.** Upgrade, manage, and extend your fleet with this robust firmware solution, which gives you access to new features—such as workflow and security enhancements—without purchasing new hardware.

- **HP Enterprise Flow MFPs.** Turn information into action with the advanced capture and routing capabilities HP Enterprise Flow MFPs. Combining the convenience of existing MFP functionality with cutting-edge features like HP EveryPage ultrasonic double-feed detection, pull-out keyboards and high-capacity document feeders, Flow MFPs help accelerate business processes, advancing the way you work.

Read more about HP's innovative printing solutions on **page 50** of the guide or go to hp.com/go/jetadvantage

HP Trade-In program

Turn in your old products and get paid the fair market value for your aging technology with the HP Trade-In program. The program spans every technology category and brand, and rewards you for keeping your equipment up to date. **See page 54 for more information**.

HP Care Pack Services and eSupport

HP helps you stay on top of your technology investments with a customer-friendly portfolio of service and support offerings.

- **HP Care Pack Services.** Reduce printer downtime with these easy-to-buy, easy-to-use packages. Contact your HP reseller partner, or visit hp.com/go/cpc for details.

- **eSupport.** Resolve problems quickly and help lower support costs with our easy-to-use eSupport web-based services. Visit our support and driver center online at hp.com/support for details.

[3] Average based on HP Color Effectiveness Study conducted in the US by Infotrends, 9/2013. Study included results from 298 business decision makers who send color marketing materials in companies smaller than 100 employees and results from 532 customers who respond to marketing materials sent to their home.

[4] Local printing requires mobile device and printer to be on the same network or have a direct wireless connection to printer. Wireless performance is dependent upon physical environment and distance from access point. Wireless operations are compatible with 2.4 GHz operations only. Remote printing requires an internet connection to an HP web-connected printer. App or software and HP ePrint account registration may also be required. Wireless broadband use requires separately purchased service contract for mobile devices. Check with service provider for coverage and availability in your area. See hp.com/go/businessmobileprinting for more details.

[5] Use of HP ePrint at HP Public Print locations requires Internet- and email-capable smartphone or tablet with separately purchased wireless Internet service, and HP ePrint or HP ePrint software. Availability and cost of printing varies by location. Visit hp.com/go/eprintmobile to view the list of applicable smartphone and tablet operating systems.

[6] HP ePrint Enterprise requires HP ePrint Enterprise server software. App-based option requires Internet- and email-capable BlackBerry smartphone OS 4.5 or newer; iPhone® 3G or newer, iPad® and iPod Touch® (2nd gen) devices running iOS 4.2 or later; or Android® devices running version 2.1, 2.2, 2.3, with separately purchased wireless Internet service and the HP ePrint service app. Email-based option requires any email-capable device and authorized email address. Solution works with PCL5/6, PCL3, and PCL3GUI printers (HP and non-HP).

For computer deals, printer deals, and other special offers from HP, visit hp.com/buy/printerdeals (U.S.) and hp.ca/promotions (Canada) for details.

* For current information regarding HP ePrint visit: hp.com/eprint. [1]In comparison to the majority of consumer/home office inkjet all-in-one printers <$399 USD as of Nov 2014 based on market share as reported by IDC. App download required for printer setup. HP ePrint account registration may be required. Wireless operations are compatible with 2.4 GHz operations only. See hp.com/go/mobileprinting for more details. [2] Requires Neat® account setup, printer registration, hpconnected.com account, Internet connection, and Neat® Mobile app download. Three-year cloud service subscription included with up to 45 pages of OCR searchable scans per month. Service fees with Neat® may apply after expiration. Compatible with Apple® iPhone®, iPad®, and iPod®, and most Android™ OS-based mobile devices. For details, see hp.com/go/officeJet8040. [3] Local printing requires mobile device and printer to be on the same network or have a direct wireless connection to printer. Wireless performance is dependent upon physical environment and distance from access point. Wireless operations are compatible with 2.4 GHz operations only. Remote printing requires an internet connection to an HP web-connected printer. App or software and HP ePrint account registration may also be required. Wireless broadband use requires separately purchased service contract for mobile devices. Check with service provider for coverage and availability in your area. See hp.com/go/businessmobileprinting for more details.

HP Latex Large-format Printers

New HP Latex 110 54-in

High-quality, outdoor and indoor large-format applications including stickers/decals, banners, interior décor, posters.

HP Latex 310 54-in

This 54-in printer is the ideal option for entering into outdoor applications—and a perfect fit for small spaces—and can help keep running costs low. Eliminate dry time—now you can provide same-day delivery, and you can say "yes" to every job.

HP Latex 330 64-in

Gain versatility and enjoy convenient printing of indoor and outdoor jobs with this affordable printer. Prints come out completely dry, allowing you to provide same-day delivery. Buy in at an affordable price, and keep your running costs low.

HP Latex 360 64-in

Produce high quality for indoors and out at production speeds ideal for handling urgent jobs. Do textiles.[4] Eliminate dry time—and provide same-day delivery. Keep your running costs low and boost your capacity.

[1] For best results, print on media that does not let the ink trespass onto the printer. Performance may vary depending on media. Please consult your media supplier for compatibility. [2] For best results use media options intended for double-sided printing. [3] Based on a comparison of HP Latex Ink technology to competitors with leading market share as of December, 2013 and analysis of published MSDS/SDSs and/or internal evaluation. Performance of specific attributes may vary by competitor and ink technology/formulation. [4] Performance may vary depending on media—for more information, see hp.com/go/mediasolutionslocator. For best results, use textiles that do not stretch. The ink collector is required for porous textiles.

HP Latex
Large-format
Printers

New HP Latex 370 64-in

More unattended printing at lower cost of operation.

HP Latex 850

Expand your reach with stunning outdoor/indoor applications. Deliver high-quality prints at true production speed with a 126-in (3.2-m) printer that also offers multiple workflow features. See healthier printing with water-based HP Latex Inks.[5]

New HP Latex 3100

Produce a wide range of applications, meet short turnaround times, without sacrificing quality.

New HP Latex 3500

High-volume production for standardized workflows and dedicated application production.

HP Indigo Digital Presses

HP Indigo 3600 Digital Press
The HP Indigo 3600 Digital Press, designed to meet the challenges of today's demanding market, is an entry level digital press that doesn't compromise on print quality. Offering HP Indigo's exceptional reliability and versatility at a low initial investment, it is the ideal solution for launching digital production.

HP Indigo 5600 Digital Press
The HP Indigo 5600 Digital Press delivers unmatched digital offset and photo quality with high versatility and productivity. Seamlessly switching between jobs and media types—with a new optional added ability to print on synthetics.

HP Indigo 7800 Digital Press
The fastest 13 x 19-in digital press in the market, combines proven quality, versatility and breakthrough productivity with new intelligent automation that maximizes uptime. Featuring the unique One Shot Color technology (optional) for printing on synthetics, simplifying professional color management with a new inline spectrophotometer, while improving productivity and sustainability.

HP Indigo 10000 Digital Press
The 29-in format press produces almost any commercial job—with the quality, substrate versatility, and production flexibility of an Indigo digital press. This robust press is an easy fit for offset print service providers, printing large volumes with a wide variety of applications.

HP ScanJet Scanners

HP ScanJet Pro 3000 s2 Sheet-feed Scanner

Transform piles of paper into searchable, editable files your business can use. Plug right in to existing scanning platforms to save time and add efficiency to your processes. Create clear, shareable results with scan-to SharePoint and scan- to cloud.

HP ScanJet Enterprise flow 5000 s2 Sheet-feed Scanner

Abandon paper-based workflows. Advance office efficiency with fast, intuitive scanning that turns hard copies into useful digital data. Rely on clear, legible results from a compact scanner designed to enhance collaboration.

HP ScanJet 8270 Document Flatbed Scanner

Perform fast document scanning at up to 25 ppm[1]—load up to 50 pages into the automatic document feeder for unattended scans.

HP ScanJet N6350 Networked Document Flatbed Scanner

Easily share this scanner with your team using built-in Ethernet networking—no IT support needed.

HP Print Servers/ Networking

(695nw shown)   (640n shown)

HP Trusted Platform Module

Add an extra level of security to safeguard sensitive information. The HP Trusted Platform Module (TPM) strengthens protection of encrypted credentials and data stored on your printer or MFP.[1]

HP Jetdirect Wireless Print Servers

Wireless networking with broad compatibility, security and manageability for Mac or PC users.

HP NFC/Wireless 1200w Mobile Print Accessory

Easily add wireless direct printing and touch-to-print technology to your HP printer or MFP—and enable the entire office to print from smartphones, tablets, and notebook computers.

HP Jetdirect Internal Print Servers

Connects EIO-based HP peripherals to Gigabit Ethernet, Fast Ethernet and Ethernet.

HP Jetdirect 300x Print Server

Connects up to three printers to Fast Ethernet and Ethernet networks.

[1] Use of the HP Trusted Platform Module accessory may require a firmware upgrade.

Cut the cables—go wireless.

HP wireless print servers are an easy and cost-effective way for multiple users to share a printer. They can help home users or small businesses conveniently share a broad range of HP peripherals on a network. They offer easy installation, configuration and management of HP peripherals for simple connectivity.

For computer deals, printer deals, and other special offers from HP, visit hp.com/buy/printerdeals (U.S.) and hp.ca/promotions (Canada) for details.

Original
HP Supplies

From innovative design to easy, free recycling—HP is committed to environmental responsibility

There's no question—Original HP Supplies drive the technology of HP printing. HP printers, print cartridges and paper are designed as a single printing system, precisely engineered for exceptional print quality, rock-solid reliability and fast, efficient operation—page after page.

Not all supplies are created equal. The crisp, vibrant printing by HP Inkjet printers is the result of engineering advancements. And every HP LaserJet toner cartridge is specially designed and custom engineered to work flawlessly with HP LaserJet printers for clear, sharp output for the life of the cartridge. Every HP print cartridge goes through rigorous testing to ensure you get the quality HP printing you expect.

The only way to get HP-quality printing is to use Original HP Supplies. Consider the long-term value of your purchase decisions and count on genuine HP Ink, toner and printing materials for outstanding reliability.

All of the Original HP Supplies featured in this guide offer the assurance of HP quality and reliability, as well as complete compatibility with HP peripherals. The pages that follow make it easy to choose the right HP Supplies, whatever your needs.

HP SureSupply

HP SureSupply is a free, easy-to-use tool for smart, simple online print supply ordering. To learn more, visit hp.com/go/SureSupply (US) for a demonstration of how it can work for you. Always have your HP cartridge and printer details at hand to simplify shopping.

For computer deals, printer deals, and other special offers from HP, visit hp.com/buy/printerdeals (U.S.) and hp.ca/promotions (Canada) for details.

HP Planet Partners Return and Recycling Program

HP Planet Partners Return and Recycling Program enables simple, convenient return and recycling of Original HP Ink and LaserJet supplies[1]. We help ensure that your returned products are recycled properly, processing them to recover valuable plastics and metals for new products.

HP Ink and LaserJet supplies recycling

It's easy and free. When your HP Ink or LaserJet toner cartridge is empty, return it for recycling by going to hp.com/recycle for free return and recycling options or by using the pre-addressed, postage-paid label found in all HP LaserJet Toner cartridge boxes.

The recycling process

What happens when you return an Original HP print cartridge or any brand of computing hardware for recycling? Our state-of-the-art recycling facilities process each return through a multi-phase recycling process. No HP Print cartridge returned to HP Planet Partners is sent to landfill. Products are sorted and shredded, then separated into plastics and metals which can then be used to make new metal and plastic products, such as HP cartridges and other everyday products. Any remaining material is disposed of or handled responsibly through energy recovery.

For more information about the HP Planet Partners Program, please go to hp.com/recycle or call **1-800-340-2445** Monday through Saturday 6 am–9 pm and Sunday 7 am–5 pm mountain standard time.

HP Ink and LaserJet toner cartridge recycling facts

- The HP Planet Partners Return and Recycling Program for HP printing supplies has been operating since 1991 and today extends to customers in more than 50 countries, regions and territories.

- Customers have returned and recycled 500 million HP Ink and LaserJet toner cartridges worldwide since the HP Planet Partners program began in 1991, representing a weight of 525 million pounds.

- To date, HP has produced more than 1.5 billion Original HP cartridges that contain recycled plastic—enough to circle the earth three times.

[1] Program availability varies. Original HP cartridge return and recycling is currently available in more than 50 countries and territories around the world through the HP Planet Partners Program. For more information, or to request return envelopes and bulk collection boxes, visit hp.com/recycle

HP Innovations and Technology

HP Innovations and Technology —beyond the page

HP is one of the leading IT companies in the world with end-to-end solutions that deliver value in all phases of the information life cycle, as well as technologies and firmware that handle the management of the entire infrastructure.

Choose from a wide range of technology options for your organization. Easily manage your printing and imaging environment, lower costs, improve productivity, and reduce your impact on the planet, reliably and securely. For more information, visit hp.com/go/jetadvantage

Infrastructure—innovative technology for HP printers, MFPs and scanners

HP PageWide Technology: HP's PageWide Technology takes proven, advanced commercial printing technologies and scales them to a new class of multifunction printers designed to serve small work teams. The star player is a printhead that spans the entire width of the paper, enabling single pass printing at blazing fast speeds and offer the best of both ink and toner technologies. To learn more about HP PageWide Technology, see the technical white paper at hp.com/go/pagewide

JetIntelligence Toner Cartridge Technology: HP JetIntelligence toner cartridges are specially engineered to deliver more pages, operate at peak printing performance, and provide added protection with anti-fraud technology. To learn more about HP JetIntelligence Toner cartridge technology go to hp.com/go/newlaserjets.

HP Universal Print Driver: The HP Universal Print Driver is an intelligent, feature-rich driver that makes it easy to connect to a range of HP LaserJet printers in the office or on the road without downloading separate, product-specific drivers. This driver provides full-featured support for most HP LaserJet printers and includes basic printing capabilities for non-HP printers. Free download at hp.com/go/UPD

HP Smart Install: Scouring the internet for driver software and waiting for it to install is not time well spent. With HP Smart Install, you can just plug in your HP LaserJet and print in as little as two minutes – no CDs required.[1]

HP FutureSmart & OXP: Every day, developers around the world come up with new and innovative ways to augment HP LaserJet printers, Page Wide printers, MFPs and scanners with new applications, services and solutions. The Open Extensibility Platform and FutureSmart firmware make it easy to integrate the new solutions directly into the fleet of devices.

Security Solutions—protect sensitive information and improve compliance with device, data and document security solutions

HP JetAdvantage security solutions help protect sensitive information as it moves through your business by controlling user access, collecting data, and help reducing the number of unclaimed documents. HP JetAdvantage security solutions integrate seamlessly with your HP printer environment to help protect devices, data, and documents, control user access, and enforce printing policies across your organization, visit hp.com/go/secureprinting

HP JetAdvantage Security Manager[3]

The industry's first policy-based imaging and printing compliance solution that enables effective fleet security monitoring and management. For more information, visit hp.com/go/securitymanager

HP JetAdvantage Private Print

Protect document confidentiality in a shared print environment. A cloud-based private printing solution available from HP JetAdvantage On Demand where you can safeguard your documents as you print to your cloud queue, then authenticate and print from your supported HP printer or MFP.[2] For more information, visit hpjetadvantage.com

HP Access Control Printing Solutions[3]

This powerful management software helps you secure print jobs and devices, improve workflows, and monitor printing practices – all while reducing costs and supporting organization-wide security, compliance, and environmental initiatives. For more information, visit hp.com/go/hpac

Management and Mobile Print Solutions—minimize the effort to keep your printers and scanners running smoothly so users can focus on business

HP Web Jetadmin

Managing an entire fleet of devices is infinitely easier when you can do it all from one place – which is exactly what HP Web Jetadmin allows you to do. Manage printing environments efficiently with award-winning HP Web Jetadmin. Free download at hp.com/go/wja

HP Innovations and Technology

HP Mobile Print Solutions

As mobile devices become increasingly more important, IT managers are faced with the growing challenge of keeping data protected while supporting user productivity. This is why HP has developed mobile printing software solutions and services that allow employees to print to office devices or public print locations, with the security features IT managers demand. For more information, visit hp.com/go/businessmobileprinting

Workflow Solutions—getting beyond paper-based processes

The average document moves from analog to digital many times over its lifecycle. Improving workflows is one of the most effective ways to reduce waste and cost, and it can also increase productivity, help reduce compliance risks, and accelerate revenue. HP JetAdvantage workflow solutions are tailored, fully integrated solutions that automate paper-intensive processes and enable additional customer-centric services to improve business outcomes. HP workflow solutions encompass business processes that are common to all large enterprises, including a suite of targeted solutions that address the unique needs of specific industries. For more information, visit hp.com/go/documentmanagement

HP Capture and Route Solution[3]

Easily and cost-effectively capture, manage, and store paper and electronic information.

HP Capture and Route, an HP JetAdvantage workflow solution, makes it easy to manage, update, and store information—accurately and efficiently. With HP Capture and Route, it's one-button simple to capture a document and route it to where it's needed. Now documents can become more accessible and easier to find, distribute, and track. This increases productivity and streamlines processes, while supporting record retention, document security, and privacy requirements. HP Capture and Route can now be extended to virtually any mobile device. The new HP JetAdvantage Mobile Client for HP Capture and Route transforms your smartphone or tablet into a document capture device that lets you submit a variety of digital text and image files to multiple destinations, including fax, email, content management systems, network file folders, and cloud-based storage. For more information, visit hp.com/go/hpcr

HP Embedded Capture[3]

HP Embedded Capture simplifies the process of digitizing and routing documents while extending the device digital sending capabilities. HP Embedded Capture is a server-less content capture solution designed to facilitate the scanning of images by allowing customers to create their own personal workflows and help connect the scan process with their business processes. For more information, visit hp.com/go/hpembeddedcapture

HP Digital Sending Software[3]

Send digitized information quickly and securely to email, network folders, printers, fax services, and more. HP Digital Sending Software is a server-based solution that enhances digital sending across HP LaserJet MFPs, HP digital senders, and HP ScanJet devices. It provides a common administrative utility and end-user interface. Learn more at hp.com/go/DSS

HP JetAdvantage Solutions Partners

HP partners with highly qualified solution providers to add versatility and capability to the industry's largest imaging and printing portfolio. HP has the expertise to identify and integrate innovative solutions—for companies of any size—to help meet their complex business needs. As a global technology leader, HP offers financial stability and scale to improve IT value, enabling customers in major industries to become more cost-effective, efficient, secure, and sustainable. For more information, visit hp.com/go/gsc

Cross-industry Solutions

Few providers can match HP's ability to compose, capture, route, manage, retain, deliver, safeguard, and continually optimize the flow of documents and information within an organization—both internally, as well as with partners and customers.

These include:
- HP Document Capture Solutions
- HP Forms and Document Automation Solution
- HP Automated Invoice Processing Solution
- HP Contracts and Procurement Management

Solution
- HP Customer Communication Management

Solutions with HP Exstream
- HP ePrint Enterprise Mobile Printing
- HP Access Control Printing Solutions
- HP Printing Security Solutions
- HP Redaction Solution
- HP Managed Print Services (MPS)
- HP Eco Solutions

And HP Financial Services offers 100% financing of HP solutions, allowing you to bundle hardware, software and services into low periodic payments that often can be funded from the operating budget. Leasing offerings allow you to proactively manage the lifecycle of your assets. Learn more at hp.com/go/leasing

[1] HP Smart Install works with Microsoft Windows only.
[2] Device must be connected to internet.
[3] Software is purchased separately.

HP Information Workflow Solutions

Industry-specific solutions

Services Industries

- **HP Account Opening Accelerator for Communications, Media, and Entertainment:** Help drive cost savings, improve customer perception, and enable retail associates to increase the number of customer engagements by automating the capture and routing of documents required for opening a new contract with CME customers.

- **HP Account Opening Accelerator for Banking:** Help increase banker and service staff productivity for an improved customer experience by expediting start-to-end account setup.

- **HP Loan Origination Accelerator:** Can reduce the costs and cycle times of loan origination by streamlining paperwork and automatically routing forms to back-office workflows. Boost staff productivity and service levels by automating production, distribution and control of loan document packages.

- **HP Check Printing Security Solutions:** Embeds fraud prevention technologies to control check printing and help combat fraudulent alterations to the finished check.

- **HP Compliant Document Capture Solution for Financial Services:** Capture, archive and track regulated documents, email and faxes, providing improved productivity and can reduce operating costs.

- **HP Claims Transformation Solution for Insurance:** Boost customer satisfaction and reduce the inconsistency, time, expenses and risks associated with manual and paper claims processing tasks by automating the flow of claims forms, correspondence and support documents.

- **HP Insurance Policy Accelerator:** Help accelerate policy setup and servicing, improve the productivity of customer-facing agents and support staff, and enhance document and policy-holder security.

Learn more at hp.com/go/fsiworkflow and hp.com/go/cmeworkflow

Health & Life sciences

- **HP Prescription Printing Solution:** Assists with helping to meet government requirements.

- **HP Patient Identification Printing:** Increase safety and efficiency with laser-printed wristbands that feature color and photographic identifiers over and above two-dimensional and linear bar codes.

- **HP Distributed Workflow Solutions for Healthcare:** Help reduce healthcare costs and improve patient care with Enterprise Content Management (ECM) solutions that streamline and automate paper-based document processes.

- **HP ePrint Enterprise for Healthcare Providers:** Print wherever healthcare happens right from your smartphone or tablet PC, and can improve the productivity of mobile care providers as well as patients' experience[1].

- **HP Patient Communications:** Help reduce hospital re-admissions, improve patient outcomes, and promote transition care with tailored, multi-lingual, and multi-channel communications.

Learn more at hp.com/go/healthcareworkflow

[1] HP ePrint Enterprise requires HP ePrint Enterprise server software. App-based option requires Internet- and email-capable BlackBerry smartphone OS 4.5 or newer; iPhone® 3G or newer, iPad® and iPod Touch® (2nd gen) devices running iOS 4.2 or later; or Android® devices running version 2.1, 2.2, 2.3, with separately purchased wireless Internet service and the HP ePrint service app. Email-based option requires any email-capable device and authorized email address. Solution works with PCL5/6, PCL3, and PCL3GUI printers (HP and non-HP).

For computer deals, printer deals, and other special offers from HP, visit hp.com/buy/printerdeals (U.S.) and hp.ca/promotions (Canada) for details.

HP Information Workflow Solutions

Manufacturing & Distribution Industries

- **HP Proof of Delivery Document Management Solution:** Automate proof-of-delivery processes with enhanced barcode technology to improve shipping, tracking billing and auditing processes.

- **HP Automotive Credit Application Accelerator:** Streamline document management and help reduce operational costs with a uniquely designed solution for more efficient, cost-effective capture and management of automotive finance and credit documentation.

- **HP Time Sheet Collection Accelerator:** Help reduce the labor and costs required to manually process time sheets and accelerate time sheet collection and data entry to speed revenue streams with automated time sheet processing.

Learn more at hp.com/go/mdiworkflow

Public Sector

- **HP Access Control SmartCard Solution for US Government:** Enable U.S. Department of Defense (DoD) agencies to use two-factor authentication, requiring CAC personal identification number (PIN) entry as well as possession of a valid smart card and public key infrastructure (PKI) data prior to printing, copying, e-mailing or scanning.

- **HP Document Capture Solution for Evidence of Identity:** Capture and store citizen identity documents with enhanced security features, and integrate them into your existing agency workflows.

- **HP Secure Multiple Network Printing Solution:** Help authenticate and control print across multiple levels of security networks. Consolidate printer and print management infrastructures without sacrificing network separation, user confidentiality or accountability.

- **HP Government and Courts Case Processing Accelerators:** Help caseworkers easily capture and process case-related documents through existing imaging and printing environments. Organize and streamline critical paper and digital documents—freeing up time, reducing error rates, and enabling workers to assist more clients.

- **HP Tamper-Evident Printing for WIC:** Help prevent government fraud and abuse by protecting Women/Infants/Children (WIC) vouchers against chemical alteration. Select the printer, software, and supplies that meet your optimal operational, security, and budgetary requirements.

- **HP Records Processing Solution for Law Enforcement:** Help law enforcement professionals securely capture and process records through existing imaging and printing environments. Organize and streamline critical information more quickly, efficiently, and with reduced error rates.

- **HP Campus Advantage:** Help reduce costs and waste with a suite of solutions that identify, control, and optimize student and department print access and user experience, whether in central, distributed, or mobile sites.

- **HP Distributed Workflow Solutions for Education:** Automatically capture and categorize critical documents, making them instantly available for real-time access by multiple users and departments. Seamlessly integrate with back-end business applications using this single institution-wide solution that also meets the unique needs of individual departments.

HP Trade-In Program

Trade any product, any brand

The HP Trade-In Program is a simple, seamless way for HP customers to upgrade to HP products and get paid the current fair market value for their aging technology. Spanning every product category, the program has the added benefit of eliminating the hassles—and in most cases, the costs—of old technology disposal by simplifying the shipping process.

Trade products in any of these categories:

- Desktops
- Notebooks
- Monitors
- Printers
- Plotters
- Copiers and Multifunction devices
- Digital cameras
- Cell Phones
- Projectors
- Networking
- Storage products
- Tablet PCs
- Workstations
- Servers

Additional features

Promotions. Beyond the ongoing program, we also offer enhanced, time-sensitive promotions as further incentive to upgrade to HP technology. Please visit hp.com/go/tradeinpromos

Custom quote process. Because the HP Trade-In Program allows you to trade any quantity, we have created a custom quote process to help manage the Trade-In process for our large corporate customers whose needs include quantities in excess of 50 units and extended rollouts that may span multiple locations. Learn more at hp.com/go/customtradein

Business partner friendly

HP business partners can also leverage the program to help their customers upgrade to new HP products. To learn more about this option, look for us in the programs section at: hp.com/partners/US

HP Trade-In Program for Government

With the HP Trade-In Program, Federal, State and Local Government agencies can:

- Help reduce the cost of new HP products
- Take advantage of market Trade-In values of aging technology
- Safely dispose of aging hardware by utilizing HP's award-winning environmentally-sound programs

The HP Trade-In Program

- Complies with the General Service Administration's (GSA) Federal Property Management Regulations
- Provides Department of Defense (DOD) 5220.22M Forensic Data Scrub upon request
- Includes EPA/DEP approved recycling options
- Leverages best practices in asset management from both the commercial and government markets

Learn more at hp.com/go/tradein

Donate – (for U.S. only)

Option for donating used IT assets.

- Online tool gives instant tax deduction value quotes
- Donated products are placed with deserving recipients
- Certain products categories apply

This program is made possible through a partnership with the National Cristina Foundation.
Learn more at hp.tradeups.com/hpdonations.asp

What is in a name?

The LaserJet, OfficeJet and ScanJet products have moved to a new naming structure to make it easier for you to find the device you want—whether it's time to upgrade or replace existing products. The new printer and scanner naming system also makes it easier to find the right supplies to meet your needs.

New LaserJet and ScanJet products will use the Pro and Enterprise sub-branding, a family number product descriptor, and a model number and a bundle identifier. The model number and supplies selectability number are the only part of the product name that changed with new product introductions. OfficeJet products use the Pro selectability, a product descriptor, and a model number.

HP LaserJet product descriptor

The descriptor follows the family number, and can be one of five choices:

1. Blank—mono single function
2. MFP—mono MFP
3. Color—color single function
4. Color MFP—color MFP
5. Color Flow MFP—color MFP

HP LaserJet and ScanJet model number

Model numbers are unique for every device. The "m" in the model number means model, not mono, as in previous product names. For example: M275nw, M551xh.

HP LaserJet and ScanJet bundle identifier

a Base	**w** wireless
b Brazil (country derivative)	**x** SFP with network, duplex, paper tray
c Channel derivative (c1-c9)	**xh** SFP with x features plus HDD
d duplex	**x+** SFP with xh features plus HCI vs paper tray
e Enterprise (one time use approval)	
f MFP with network, duplex, fax and (possibly a paper tray)	**y** wildcard
	z MFP with more than 2 features. Automatic for flow bundles
g wildcard	
h hard drive	**z+** MFP with more than 2 features for additional bundles with same model number. Automatic for flow bundles
i do not use	
j wildcard	
k wildcard	
l do not use	
m wildcard	
n Network	
o do not use	
p Handset (phone handset)	
q wildcard	
r Russia (country derivative)	
s wildcard	
t wildcard	
u wildcard	
v wildcard	

Examples

Master brand	Sub-brand	Callout product descript	Model number (includes bundle descriptor)
HP	LaserJet Enterprise	None (means mono single function printer)	M602dn
HP	LaserJet Pro	MFP	M425dn
HP	OfficeJet Pro	ePrinter	A809
HP	OfficeJet Pro	Premium e-All-in-One	A911
HP	OfficeJet Pro	MFP	–
HP	ScanJet Enterprise	Sheet-feed Networked Scanner	S2
HP	LaserJet Enterprise	Color Flow MFP	M575c

LaserJet supplies selectability number

HP LaserJet supplies have a new selectability number that makes it much easier for customers to identify the correct supplies for their product. Color laser supplies have a three-digit + alpha (A, X, D) number, while mono laser supplies have a two-digit + alpha number. Selectability numbers are in addition to HP standard part numbers and do not correlate. Black, cyan, yellow, and magenta all have the same selectability number, and are differentiated by packaging colors and descriptions. For example, "230A" is used for all four colors.

LaserJet character limitation in advertising

If the number of characters is limited in advertising, fact tags and catalogs, the following naming convention is to be used.

Master brand	Descriptor	Model number
HP LaserJet	Blank	M175n
	MFP	
	Color	
	Color MFP	
	Color Flow MFP

For additional product information, visit hp.com (U.S.) or hp.ca (Canada)

A) For Inkjet Printers: Either after first page or first set of ISO test pages. For more information, see hp.com/go/printerclaims. For LaserJet Printers: Measured using ISO/IEC 24734, excludes first set of test documents. For more information see hp.com/go/printerclaims. Exact speed varies depending on the system configuration, software application, driver, and document complexity.
B) Maximum dpi that can be scanned is limited by available computer memory, disk space and other systems factors. Scan speeds measured at 200 dpi (black-and-white, color, and grayscale) using A4 sized paper in portrait mode.
C) Estimated U.S. street price. Actual prices may vary. Contact your authorized HP reseller for the most current pricing information.
D) Copy speeds may vary depending on the type of document.
E) Speeds attained at 200 dpi black and white, color and grayscale using Smart Document Scan Software, letter size/A4 paper.
F) HP recommends that the number of printed pages per month be within the stated range for optimum device performance, based on factors including supplies replacement intervals and device life over an extended warranty period.
G) Service levels and response times for HP Care Pack Services may vary depending on your geographic location. Service starts on date of hardware purchase. Restrictions and limitations apply. For details, visit hp.com/go/cpc
